_____ Cut here; return the form above and keep or share the information below. _____

The Corona del Mar Residents Association (CdMRA) was created to provide a unified voice on issues which impact all residential neighborhoods located in Zip Code 92625. We are NOT a homeowner association. We ARE a resident advocacy group and we draw our membership from over 6,400 Corona del Mar households regardless of whether you live in the Village, in a planned community or in apartment homes.

Corona del Mar is just one of many neighborhoods in Newport Beach, and we all vie for valuable city resources and services. One of the reasons that Corona del Mar is such a desirable community is that we provide a unified voice on a variety of issues that impact our quality of life. When the Newport Beach City Council makes decisions about regulations, ordinances and city resources, they do so with input from our residents. When the Corona del Mar Chamber of Commerce and Business Improvement District develop programs and incentives for our shoppers, they do so with input from our residents. We work hand in hand with city government and our local businesses to insure that the quality of our community is a top priority.

We encourage you to send us your comments, concerns and suggestions. From time to time we poll our members for their opinions on a number of issues that are important to 92625 communities and our residents’ quality of life. That’s one of the reasons your membership in CdMRA is so important.

Please help us keep printing and mailing costs low by providing your current email address. We value and protect your privacy. Your information is never shared, rented or sold, and is used only for CdMRA communiques. Our Privacy Policy is available on our website.

The larger our membership, the more effective we can be. Be informed. Be involved. Support CdMRA through your membership.
