

# Corona del Mar Residents Association

## NEWSLETTER

Spring 2012

*CdM Residents Association & CdM Business Improvement District*

### ANNUAL TOWN MEETING

**CdM Residents Association Silver Jubilee Celebration**

**Wednesday, April 18: 5:30 PM – 7:30 PM**

**Sherman Library & Gardens, 2647 East Coast Hwy, Corona del Mar**  
(Please use Rear Entrance)

**5:30pm-6:00pm: Hosted Refreshments & Community Expo**

**6:00pm-6:40pm: Business Improvement Speakers Program – CdM Entry Project Proposal**

**6:45pm-7:30pm: CdMRA Speakers Panel – Silver Jubilee Reflections**

Once again the CdM Residents Association (CdMRA) and the Business Improvement District (BID) are partnering to bring you an evening filled with information about our community and our city. This is a particularly important year for CdM Residents Assn . . . we are celebrating our **SILVER JUBILEE!** We will start the evening with hosted refreshments served in the patio area of the lovely Sherman Library & Gardens. And once again we will feature our Community Expo which showcases many of our civic volunteer organizations and a variety of City Departments and staff members. There will be interesting people to meet, updates on programs and projects, handouts, displays and more.

We have a very interesting speakers' program for you this year. The CdM Business Improvement District will be discussing their proposal for enhancements to the entry corridor of Corona del Mar on Coast Highway at MacArthur. These plans were developed as part of the City's revitalization process, and have been the topic of many committee meetings and City Council meetings over the last six months. If you have not yet had the opportunity to see these plans, this is a great opportunity to do so. The CdM Residents Association will take a few minutes to reflect on our 25-year history, and Mayor Nancy Gardner will share with us her goals and plans for Corona del Mar's future, including topics such as Little Corona restoration and more.

We also have some very special **DOOR PRIZES** this year. We can't give away the secret, but we would like to acknowledge the participating local businesses and organizations for their generosity. We will hold the drawing at the conclusion of the Speakers' Program. So don't leave early . . . you could be one of several very lucky winners!

**April 18, 2012**

**Sherman Library & Gardens**

**Community Expo & Hosted Refreshments**

**5:30 pm – 6:00 pm**

#### Community Expo Participants

City Staff	Civic Organizations
Recreation Services	NB Film Festival
Senior Services	Friends of Oasis
Marine Protection Services	Sherman Library & Garden
Library Services	AirFair
Community Development	Airport Working Group
Public Works	Newport Bay Naturalists & Friends
Fire Department &	ExplorOcean/NHNM
CdM's CERT Volunteers	Newport/Mesa ProLiteracy
Police Department	Balboa Performing Arts Theater Foundation
	CdM Chamber of Commerce
	CdM Business Improvement District

#### And Corona del Mar Residents Association

Got questions you'd like answered at the Town Meeting? We hope so. Be sure to send in your questions ahead of time: by email ([Info@Cdmra.org](mailto:Info@Cdmra.org)), by phone (949.719.9390) or by USPS mail to CdMRA | PO Box 1500 | 92625.

## Silver Jubilee – CdM Residents Association

2012 marks the 25<sup>th</sup> year that CdMRA has been working with Corona del Mar residents on issues that impact our community's quality of life. We wanted to take a little space in this year's newsletter to address some important questions and facts about our organization. We've done much in the last 25 years, and look forward to accomplishing more in the years ahead.

Let's start with a couple of questions that we are frequently asked:

### **What is CdMRA?**

The Corona del Mar Residents Association (CdMRA) is a "resident advocacy" group. We are **not** a homeowners' association. CdMRA was created in 1987 under the leadership of Phil Sansone to provide a unified voice on issues which impact all residents who call Corona del Mar their home.

### **Who can be a CdMRA member?**

Anyone who resides in Corona del Mar (or owns property here) can be a member. Our membership includes residents from 27 planned communities (HOAs and apartment homes) and residents who live in the Village. Corona del Mar has over 6,300 households, of which approximately 700 are CdMRA members in good standing.

### **What is CdMRA's mission?**

Simply said, our mission is to protect, preserve and improve the quality of life of residents of Corona del Mar.

To accomplish that goal, we utilize a variety of communication tools such as our public website, newsletters, resident surveys and our monthly members-only emails.

We also sponsor our annual membership meeting, educational workshops and outreach programs (such as the recent fire map review meetings), our city council candidate forums in election years, our Disaster and Preparedness Expos and more.

We post and circulate information about city outreach programs when they have a direct impact on Corona del Mar, such as parking studies, zoning code changes, gas-powered leaf blowers, solicitors, bike lanes ("sharrows"), fire rings, reforestation, JWA operations and more.

Our bylaws require us to determine if there is a community consensus on a given topic by using the tools above. If a clear mandate exists, we share that with city leadership to help them in their decision-making process, with our focus always on improving quality of life here in Corona del Mar. No special interests; no hidden agendas; developing community consensus on issues you raise is what we are about.

### **Why should I become a member?**

Since CdM is only one of many communities within Newport Beach, we vie for time, attention and resources from our city's leadership just like neighborhoods in West Newport, the Peninsula, Balboa Island, Newport Coast and others do. The larger our membership the stronger our voice when we meet with city council and city staff. A large membership and statistical information from resident polls go a long way in helping our city leaders understand the direction most desired by our residents.

### **What does it cost?**

\$20 a year covers the cost of our newsletters, meetings and website. Having timely access to information and to our city's leadership . . . priceless!

## CdMRA Resident Survey

Over the course of the year, our members contact us by phone and email with questions and concerns on a variety of topics. Now it's your turn to tell us what matters most . . . what we should focus our efforts on in 2012. You can send us your responses and comments by email to [Info@CdMRA.org](mailto:Info@CdMRA.org) or by USPS to CdMRA | PO Box 1500 | 92625.

Prioritize the topics below, or send us your own "hot topics". Be sure to give us a little background on why the top three are most important to you.

- Reforestation Planning for the Village
- Parking & Traffic Congestion (identify area(s) of concern)
- Restoration of our Local Beaches (Big and Little Corona)
- Airplane Noise (JWA Departure Paths)
- CdM Entry Project (share your comments)
- Disaster Planning Awareness
- Trash in Alleys
- Improving the Business District (examples please)
- Plastic Bag Ban
- Safer Streets (Cyclists, Pedestrians, Motorists)
- JWA Settlement Agreement (Passenger Limits & Curfews)
- Safer Neighborhoods (Neighborhood Watch Programs)
- Fire Rings – Next Steps

We value your opinions and thank you for sharing them with us.

## Corona del Mar Entry Revitalization

By Kim Brandt, NB Community Development Director

Among the City Council's 2011 priorities was a focus on areas of town requiring reinvestment and revitalization. The Corona del Mar entryway - the section of East Coast Highway between Dahlia Avenue and Avocado Avenue - was one of the areas selected by the City Council. The goal was to consider improvements to the street and pedestrian access that could enhance the overall experience of the area.

Public participation was a critical component of the effort and the Ad-Hoc Neighborhood Revitalization Committee, created a five-member Citizen Advisory Panel (CAP) to guide the study and development of a conceptual plan. The CAP volunteers were Sandi Haskell, John Hyatt, Lisa Jordan, Bernie Svalstad and Ron Yeo with Councilmember Rush Hill serving as the City Council liaison.

The CAP provided knowledge of the area and expertise and led several public meetings to discuss what the plan should include. In the end, the conceptual plan is a reflection of the unique characteristics of the neighborhood; provides improvements to the aesthetics for residents and visitors; and identifies concerns related to parking and safety. The plan is simply the starting point and further refinement, engineering, analysis and the possibility of coordinating with other agencies is expected as part of any additional design and/or potential implementation of the plan.

Preliminary estimates for a construction project are approximately \$100,000 for detailed construction design and \$1.2 million in construction costs. In addition, the maintenance for the completed project is estimated to be \$43,500 per year. During its February 28 meeting, the City Council approved the Corona del Mar entry revitalization conceptual plan and the project will be considered as a future Capital Improvement Program project. For details, view the conceptual plan at <http://cdmra.org/docs/city/cdmentryconcept1202.pdf> and <http://cdmra.org/docs/city/cdmentryproject1202.pdf>

### *“What’s happening with the Port Theater?”*

By Dennis Baker, Board Member CdMRA & NBFF

This is a common question around CdM. Mid-March I got the answer first hand. Some of the staff of the Newport Beach Film Festival joined the Port Theater project managers, for a tour. What we saw was very impressive.

Upon entering we were greeted by a beautiful lobby which includes the concession stand, small café style kitchen, coffee and juice bar all fronting PCH through full glass doors and windows. The lobby has a bright décor made up of elegant wood paneling, long strings of polished stainless steel beads, indirect LED lighting and of course port holes surrounded by polished stainless steel frames. Counter tops throughout are made of granite including the well-appointed restrooms.

The theater with its 2 story ceiling, white walls with large random sized red rectangles and massive screen exudes grandeur. The massive speakers and state of the art projection system will provide a top notch viewing experience. The floor has a gradual slope with three levels each dropping about 1 foot. The rear of the theater will have a set of permanent seats whereas the other 2 levels closer to the screen will be much more flexible for use in various seating configurations. Seating numbers would be in the area of 150, but would be dependent on the event and theater configuration.

Exploring the balcony, we are introduced to an intimate area including a stepped area which will have additional seating as well as a café style kitchen. The balcony area will provide a smaller more intimate viewing area than the massive main floor.

The Port will not be seeking first run movies, but will focus on screening an eclectic mix including retrospectives, “one off” screenings, and special events. The projection system has television capability and can be used to screen special televised events.

The staff of the Newport Beach Film Festival believes that the new Port Theater will add to Corona del Mar in a most positive way and provide residents and guests with a pleasant movie viewing experience. We are looking forward to being part of the grand opening in April, and partnering with the Port Theater during this year’s film festival, April 26 – May 3, and other events throughout upcoming months and years.

### *April Is Earthquake Preparedness Month – Are You Ready?*

This is the time of year we like to remind you to answer the following questions about your family’s safety preparedness measures:

- Do you have an emergency plan for your family?
- Have you set aside supplies and prepared an evacuation kit?
- Have you looked into the free training offered by the City of Newport Beach?
- Have you signed up to receive emergency alerts from the City and County?

Corona del Mar is fortunate to have residents who have been trained in disaster preparedness (Newport Beach CERT Program – FREE to residents) and are ready and willing to help you get the information you need to keep your families and pets safe in the event of a disaster or emergency. The Corona del Mar Residents Association also has a long-term goal to work with the Boards of every HOA in CdM to develop community resources, supplies and identify meeting locations throughout Corona del Mar.

It is up to each of us to take care of our families first. The City of Newport Beach has over 85,000 residents (on weekends and holidays our population can expand to over 250,000 with additional visitors). The City simply does not have sufficient emergency personnel to attend to each one of our needs in the short term. That’s why preparing your family for events such as wild fires in Buck Gully, earthquakes and tsunamis, hazardous spills on Coast Hwy, an airplane crash, etc. can make all the difference in how well you and your family manage during the first few days of a major disaster or emergency event.

Don’t delay. If you answered NO to ANY of the questions above, take steps to fix it today. For more information, resources, or to schedule a visit by one of our CdM Readiness Team volunteers, simply email [Info@Cdmra.org](mailto:Info@Cdmra.org).

Additional information can be found on CdMRA’s website at <http://cdmra.org/cdmcerts.html> or on the City’s website at <http://www.newportbeachca.gov/index.aspx?page=760>.

**SAVE THE DATE**  
**April 26, 2012 | 6:30pm-8:00pm**  
**Oasis Senior Center**

Plan to attend this **FREE** workshop open to all Newport Beach residents. See samples of preparedness kits you can make or buy. Learn first-hand from the City’s Emergency Management & Preparedness personnel what you can do today to prepare your family against a disaster such as the 2011 earthquake and tsunami which devastated parts of Japan.

Don’t wait until it’s too late. Make the commitment to yourself and your family to do something today!

For more information, visit <http://cdmra.org/docs/cert/cert1204.pdf> , email [nbcert@nbfd.net](mailto:nbcert@nbfd.net) , or call 949-644-3112.

## *CdMRA Past Presidents Remember . . .*

CdMRA has been fortunate to have very capable leadership during its first 25 years. We asked our past presidents to share some thoughts as they reflected on their years of service as leaders of CdMRA. Please take a moment to read them.

Before the mid 1980's Corona del Mar was a divided community. When the residents appeared before the City Council it was usually to complain about the businesses and vice versa. The city largely ignored both groups. As a result other villages in the City had their alleys repaved and potholes repaired while CdM remained a poor step child. Enter a Councilman named Phil Sansone. He formed the CdM Residents Assn. with the mission to try to work with the CdM Chamber and later the BID to improve the lot for all of us. After all, he noted that the residents were the customers of the CdM businesses and the businesses were the purveyors of goods and services to the residents. Sure, there were, and still are, areas where we conflict (late night parking being one.) But there are far more issues that we agree upon. For 8 years that I was President of the CdMRA, I told this history every time I appeared before the City. Shortly after the CdMRA was formed, alleys were repaved, pot holes were repaired, and the City began to listen and respond to the needs of the CdM village. That was 25 years ago and CdM is still looked to as a model of a united community. Our upcoming joint town meeting is a shining example of that unity. I am very proud of the work we have done in the first 25 years and I look forward with optimism toward the next 25. Debbie Allen

I have served as a board member of the CdMRA since 1995 and President from 1999 to 2002 at which time I was appointed to the Planning Commission of Newport Beach. I have now been a Planning Commissioner for 10 years with my term expiring in June of 2013. I currently serve as Chairman. I commenced my municipal volunteer effort after having attended Leadership Tomorrow in the late 1990's. It was during these leadership sessions that I developed the desire to effectuate social change and community enhancement from a non-elected position. It occurred to me then and it remains with me now, that the ideals and core values of the elected tend to homogenize after taking office. Politics serves politicians, but, it is leadership that serves the people. I have never backed down from my ideals and core values no matter how political or how "out voted" I am. That is not to say that I have never been wrong. If I have learned anything as a Planning Commissioner it is that this is our town, not my town, and I'm thankful that our local government is run by a democracy. I have worked hard in my effort to bring truth and common sense to the process ensuring that decisions for which I have been a part are made with complete un-biased information. I will forever be grateful to the CdMRA for giving me the opportunity to serve as its President. I believe it prepared me for my role as a Planning Commissioner and for what comes next. Michael Toerge

"I greatly enjoyed my service as President from 2002 through 2008. It was a very exciting time – the Sailhouse development had just been finished, the Farmer's Market, everyone's favorite Saturday activity, had just begun, and our favorite tradition, the Christmas Walks, were enjoyed by all! We launched our website and email service giving members more timely access to news, easier access to our board and the ability to quickly participate in polls and surveys on timely topics. The highlight was our Centennial Celebration – from amazing beach parties complete with bands and dancing to the planning and building of our wonderful Memorial on the corner of Marguerite and Coast Highway – so many memories of friends, fun and traditions continue!" Beverly "BJ" Johnson

What other organization has meetings regularly attended by three council members (Gardner, Selich, Curry), commissioners from Planning and Parks Beaches & Recreation, committee members from Aviation, Environmental Quality Affairs and Revitalization, and board members from AWG, CERT, CdM Business District, NB Film Festival, SPON . . . and more? None! And all these community leaders hear first-hand concerns and comments from our CdMRA members who send us emails, call us or attend our meetings. It is a privilege to serve with such dedicated residents who work so hard to make Corona del Mar the jewel of Newport Beach." Karen Tringali

HAPPY 25<sup>TH</sup> ANNIVERSARY

### *Buck Gully Projects*

By Bob Stein, NB Public Works Engineer  
This article was edited for space. The complete article is available at [www.Cdmra.org](http://www.Cdmra.org)

**Stabilization Project:** Work has completed in the upper canyon area with streambed stabilization measures installed, fine grading completed, trees planted and the area hydro-seeded with a native plant seed mix. The lower canyon area is rapidly nearing completion . . . Buck Creek been diverted into its new location near the center of the canyon using gabion drop structures . . . Planting of sycamores, oaks and cottonwoods has been completed. Final grading and grooming is in process, including grading operations to narrow down the temporary access road into the canyon to five feet and hydro-seeding of the lower areas of the canyon. This project was completed in four months which has to have set a winter record for a large-scale canyon restoration project.

**Hiking Trail Loop:** On July 1, 2005, the City took title to the open space resources of Upper Buck Gully which is part of the Orange County Central Coastal Natural Community Conservation Plan (NCCP) . . . One of the conditions of the NCCP Implementation Agreement is the preparation of a Resource and Recreation Management Plan (RRMP).

The approved RRMP proposed a loop trail starting at 5th Avenue/Poppy Avenue, up the canyon to the Edison access road which connects to San Joaquin Hills Road. From there, the trail system would utilize the existing public sidewalk along San Joaquin Hills Road to the east, return south to the canyon bottom via the existing access road and then connect back with main trail. . . Several improvements are required to create this sustainable trail loop including four bridges to cross Buck Gully Creek, a series of three culverts across Buck Gully Creek, erosion repairs, and trail clearing and widening.

The trail will be designated as "hiking and mountain biking only". Trail users will be managed to well-defined areas with off-trail encroachment into heavily vegetated and sensitive resources prohibited. The loop trail will have several overlook areas offering panoramic views of the gully. Trail use will be prohibited for appropriate periods (usually three days) following rains greater than 0.5 inches to avoid trail damage and impacts on adjacent habitat. During fire season, trail use may also be prohibited. Unauthorized trails would be eliminated and impacted habitat restored. **It is anticipated that trail will be open in May 2012.**

#### BE INVOLVED

CdMRA has a few open positions for Alternate Board members in several of our neighborhoods. If you are interested in becoming an active Board member, email us at [Info@Cdmra.org](mailto:Info@Cdmra.org). The vacancies are listed on the last page as "Alternate Open". Board meetings are held at 7:30am on the 3<sup>rd</sup> Thursday each month, except December.

City commissions, committees, and volunteer groups frequently seek new members to replace members whose terms have expired. For more information, visit the City's website at <http://www.newportbeachca.gov/index.aspx?page=140>

#### ADDITIONAL ARTICLES
