

# SCIENCE AND SUNSETS

## Kerckhoff Marine Lab

**Saturday, November 9, 2024**

Refreshments and Tours: 4:00pm-5:30pm

Featured Speakers: 5:30-7:00pm

101 Dahlia Ave, Corona del Mar, CA

### Speakers:

Dr. Victoria Orphan, Caltech  
and

Dr. Andy Klesh, Jet Propulsion Lab

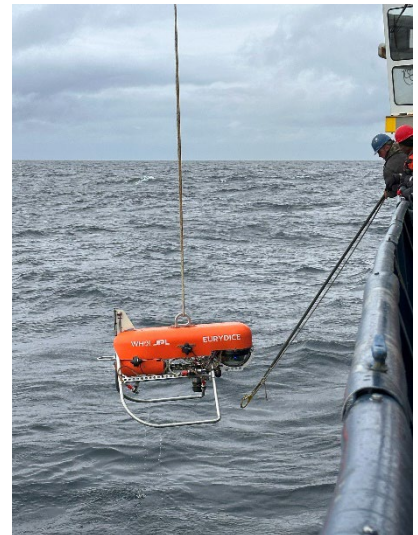

**Presentations:** The next generation of deep ocean robotics for exploration and marine research.

### Event Details:

Join us for our next Science and Sunsets event at Caltech's Kerckhoff Marine Lab! We are celebrating the completion of our recent exterior renovation construction project. This will be an outdoor event under the stars, please dress accordingly. **Valet parking** and **shuttle** services will be available along Ocean Blvd on top of the hill above the lab. Thank you!

### Tickets: \$50

Food and beverages (alcoholic and non-alcoholic) will be provided with ticket price. See RSVP info below. All donations to KML are tax deductible. Payments can be processed on the day of the event at check-in via cash or check.

Please RSVP at [sranson@caltech.edu](mailto:sranson@caltech.edu) or call us at 949-675-2159, space is limited.
